# Canadians on One of Greatest Buying Sprees in All History

By The Canadian Press

Canadians from coast to coast are on one of the greatest Christmas shopping sprees in history in the face of a paradoxical situation which finds them with more money to spend and retail stores with a more limited range of articles to sell.

A Dominion-wide survey by The Canadian Press shows that buying everywhere is on a much larger scale than in 1943, the increases ranging from 15 per cent in Quebec to as high as 30 per cent in Edmonton.

Everywhere the demands exceeds the supply. There are shortages of such articles as men's shirts, women's stockings, silverware, leather goods, rubber dolls and metal toys and novelties and in some places of watches and chocolates.

### SOME EARLY BUYERS

The Christmas shopping rush is one of the most sustained on record. Many far-flung Christmas givers started buying their gifts in the summer months. Heavy purchases for overseas Christmas parcels contributed to the early rush. The buying spree gathered in volume as Christmas neared and the chief worry of retail merchants now is whether they'll be able to continue to meet the demand. In Moose Jaw, some merchants already are gaining dolefully at cleared display shelves.

### Christmas Candy Destroyed by Fire

FORVILLE to The Edmonton Business ENDHANG, Dec. 19.—Mrs. Morgan Kenny, school teacher, for several weeks past has collected candy and gifts which she has been able to purchase in limited quantities, for distribution amongst her school pupils. Stored at her home, they were ready for distribution.

Sunday night, fire of unknown origin destroyed the Kenny farm home, with all the Christmas treats, in addition to such household goods as a newly purchased piano. Mrs. Kenny and her husband were both away at the time.

## British Lines Now Within 27 Miles Of Port of Akyab

KANDY, Ceylon, Dec. 19.—(BUP)—British troops operating on the west coast of Burma have pushed to more than 29 miles south and southeast of Maungdaw and naval craft shelled Japanese positions two miles ahead of the Allied forces, a communique said today.

The drive southward brought the British lines within 27 miles of the port of Akyab.

The communique also disclosed that units of the 15th Indian Corps had consolidated the two bridgeheads on the east bank of the Kalapanza river and were advancing to the east and south.

## Japanese Premier, Foreign Minister Consult Emperor

SAN FRANCISCO, Dec. 19.—(AP)—The Tokyo radio said yesterday that Premier Kuniaki Koiso and Foreign Minister Shigeniwa conferred separately with Emperor Hirohito. Koiso reported on "state affairs in general," the broadcast said. Later, Shigeniwa was granted an audience to report on "matters under his jurisdiction." There was no indication whether these meetings may have been inspired by Japan's deteriorating position in the Philippines or by the increasing tempo of the B-29 raids on Japan.

Fans for cooling the face have been known since about 3,000 B.S.

## Strange Balloon Of Jap Origin Is Found in U.S.

KALISPELL, Mont., Dec. 19.—(AP)—The United States Federal Bureau of Investigation announced last night that a paper balloon 33½ feet in diameter, bearing Japanese characters had been found in a mountain region near here.

An official statement said the balloon had attached to its side an incendiary device, apparently intended for destruction of the balloon.

An FBI spokesman gave this explanation of the find: "On Dec. 11, 1944, a woodchopper named Owen Hill, and his father, O. B. Hill, who had been working in a mountainous forest region 17 miles southwest of Kalispell, Montana, reported to the sheriff's office the discovery of an object which was thought to be a parachute.

**BROUGHT INTO TOWN**  
"It was brought into town the next day and the FBI office at Butte was advised. Upon examination, the object was found to be 33½ feet in diameter, with a gas capacity of over 10,000 cubic feet and a carrying capacity of at least 300 pounds net.

"The bag itself is of high grade processed paper. There appeared on the balloon Japanese characters indicating completion of construction at the factory on Oct. 31, 1944. Attached to the side of the balloon was an incendiary device with a fuse apparently intended for its destruction.

"A typical balloon rope structure attached to the flange around the bag ended in an elastic type cable at the bottom which had been severed. No determination has been made of the use for which it was intended. Prevailing winds on the west coast have blown directly from the west or northwest in recent weeks, and persons experienced in the use of free balloons report they are known to travel at speeds well in excess of 200 miles an hour.

**CLOSE CHECK MADE**  
"The balloon has been turned over to the military authorities who, together with the navy, checked into the matter with the FBI. The balloon was found by Rancher Hill and his son while cutting wood in a grove of trees. The balloon apparently had settled into the soft snow at night.

Deputy Sheriff Royal Hopkins said Hill reported the find immediately and Sheriff Duncan McCarthy took a party out to investigate.

"There was a rising sun in green pointed on it, and there was oriental printing on it that looked like 'me,' said Hopkins. "It was cream colored, about 50 feet long and about 150 feet wide. The bomb-

## Winner of VC Is Welcomed To Home Town

NEW WESTMINSTER, B.C., Dec. 19.—(CP)—Maj. John Keefe Mahony, VC, faced 2,000 cheering fellow-citizens here last night and told them in a quiet, informal address how it feels to come back to one's hometown a hero.

"I'm not as nervous as I thought I'd be," he told the massed ranks of citizens, only to welcome him back at a formal reception. Characteristically turning the spotlight from himself to his regiment in Italy, the regiment which he led into battle in the Maffa river battle in which he won the Empire's highest military decoration, the tall young officer said:

**WISH WAR WAS OVER**  
"I only wish this awful war were over and that tribute were being paid to them tonight—that they were sitting here on this platform."

Behind him on the platform at the arena here were four men who had won the Victoria Cross in the First Great War. They were Lt. Col. John MacGregor, VC, MC and Bar. DCM, and Croix de Guerre; Lt. Col. J. H. Strachan, VC; Lt. Cmdr. R. Bourke, VC, DSO, and Lt. Robert Hanna, VC.

Mrs. Cecil Merrill, wife of Lt. Col. Merrill who won the Cross at Blegue and now is a prisoner of war in Germany, was also on the platform.

Tom Reid, Liberal member of parliament for New Westminster, extended to Maj. Mahony the congratulations of Prime Minister Mackenzie King.

### Britain, States See Alike on Polish Borders

LONDON, Dec. 19.—(CP)—The statement by State Secretary Edward Stettinius of the United States' position on the Polish frontier question was welcomed in London, official quarters, as closely paralleling Prime Minister Churchill's attitude in this respect.

Both Britain and the United States, as a general principle, are not prepared to recognize territorial changes before the peace conference, but realize an exception in the Russo-Polish dispute.

## Maginot Line Forts Crack

By Robert C. Wilson

NEAR HITCH, France, Dec. 19.—(AP)—Huge Maginot line fortresses in this part of Northwestern Alsace began to crumble yesterday under the combined assault of American infantrymen and engineers employing over 500 tons of dynamite.

Two sections of Fort Simeonoff and eight sections of Fort Schœneck were over-run by the troops who have been hammering at the powerful pillboxes for nearly a week. Both forts are within two miles of Bitch.

It was necessary to capture some of the pillboxes two or three times because the Germans filtered back into them through tunnels.

Their fall would open the way for forces here to follow the other 7th Army troops into Germany.

## Industrial Users To Get Less Sugar

OTTAWA, Dec. 19.—(CP)—The Prices Board announced last night that the sugar quota for the more than 10,000 industrial users in Canada will be reduced in the first quarter of 1945 from 80 to 70 per cent of 1944 usage.

A corresponding reduction will be made in the quota for public caterers and hotels, with no supplementary quota granted.

No change will be made in the half-pound a week ration for coupon book holders.

Saving from the quota reduction in Canada will amount to about 10,000,000 pounds a quarter, the board said. A similar industrial quota cut was announced last week in the United States.

Industrial users were limited to 70 per cent of their 1944 usage in 1942 when sugar rationing was imposed. This was raised to 80 per cent in 1943, following similar action in the United States.

## Complete Tie-Up Of Trams Likely In Coast Cities

VANCOUVER, Dec. 19.—(CP)—Charles Stewart, chairman of the advisory board of the Street Railway Commission, in a statement issued yesterday said a complete tie-up of street car and bus services in Vancouver, New Westminster and Victoria may begin Jan. 6 if the National War Labor Board does not give a decision by Jan. 4 on a wage appeal.

Mr. Stewart said a referendum vote will be held next Friday on whether to strike in protest against delay in giving a decision on a union appeal against a Regional War Labor Board ruling granting average wage increases of 14 cents. The employees had asked increases ranging from 10 to 16 cents.

## 740 Nippon Planes Bagged in Week

MANILA, Philippines, Dec. 19.—(AP)—A total of 740 Japanese planes have been destroyed or damaged in the Philippines during the last week's stepped-up operations. Headquarters announced today.

Forty-eight more enemy planes were destroyed in the Mindanao area by fighter ships and anti-aircraft.

The United States 77th Division on Leyte Island has advanced to a Japanese-held airfield west of Marikina, the headquarters communique reported, and is pushing northeast along the main highway in the Ormoc corridor.

The Japanese, who offered scant resistance to the United States landing last week on Mindanao Island, are still putting up no opposition.

The American 7th Division has completed annihilation of the Japanese 25th Division on Leyte. A total of 905 enemy dead were counted in a single day, the communique said.

## New Westminster Pays Big Tribute To Winner of VC

All stores were closed to enable citizens to participate in the official celebration of the homecoming of Maj. Mahony, who was awarded the Victoria Cross for gallantry in Italy.

The official celebration was climaxed last night with a public reception in Queen's Park Arena. Maj. Mahony was presented with a gold watch.

Maj. Mahony who arrived Saturday by plane spent Sunday quietly with his family.

### Provide Fish

OTTAWA, Dec. 19.—(CP)—Fisheries Minister Bertrand said last night in a statement that approximately 135,000,000 pounds of fishery products from Canada's 1944 output, the equivalent of something like 400,000,000 pounds of raw meat, had been made available for purposes of the United Nations under various official plans and agreements.

### Loans to Greece

LONDON, Dec. 19.—(CP)—The Canadian Press, the Exclusion, Sir John Anderson, told Commons today that Britain had loaned the Greek government \$18,000,000 during the war in addition to about \$7,000,000 in market loans.

# What has ELECTRIC WATER PUMPING to do with "WINNING THE PEACE"?

Down on the farm, in many parts of Canada, the quiet, thrifty, electric water pump has been helping win the war. It has stepped up output—for well-watered cattle give increased yield. It has promoted farm efficiency—speeding and lightning work, releasing help for other farm tasks. It has demonstrated how electricity can lighten old jobs and shoulder new ones! And it is teaching us a lesson in winning the peace!

For electricity is an outstanding Canadian asset. Already more electric power per capita is used here than in any other country in the world—and five times our present output can be produced if all available water power is harnessed.

In war and peace, for 52 years, Canadian General Electric has been "Canada's Greatest Electrical Workshop." Leaders today in war production, the men and women of C.G.E. will lead tomorrow in the production of "everything electrical" for peace!

# The Bulletin's SPORTS SECTION by Hal Dean SPORTS EDITOR

**EDMONTON ATHLETIC CLUB'S 5-4 decision would be quite a surprise to those Maple Leaf supporters who used previous performances of the two clubs as a basis from which to hazard a guess on the outcome of Monday night's junior attraction.**

But while play of the Leafs did not measure up to the standard of last Wednesday's, that of the EAC boys was vastly superior to their previous showing, and Bill Deane's squad might have won by a much wider margin. Leafs didn't get rolling until the last period.

Penalties again proved a handicap to both teams, but the Leafs scored once in the opening period with the opposition short, while two of the three EAC counters came while Leafs were undermanned in the middle section. Leafs bailed in two within 25 seconds in the final leg, with an EAC year guard taking tea with time-keeper Stan Morgan.

**EAC'S OUTSHOOT LEAFS**  
LEAFS had 19 shots on the EAC goal as compared to 32 faced by their rivals. Don DeFrance had to deal with six in the first period, five during the second and three in the third, while Neil Wilson was handling 13, 11 and eight.

John Duffield, former Trail Blazers didn't go for it to for as goals were concerned, three being quite a sizeable list. And Don DeFrance collected three assists.

John King's two goals were in four points, tops for Leafs to date.

Ray Moore turned in a very useful play for EAC's, with a back attack and in back-checking. Bobby

# Clubmen Show Big Improvement in Marking Up Initial Victory EAC Juniors Earn 5-4 Win Over Leafs

## Two Clubs Now Tied 2nd Place

**SHOWING a marked improvement over the team's opening game display, Edmonton Athletic Club upset Maple Leafs 5-4 in Monday night's Junior Hockey League fixture at the Arena. Those two sextets are now tied for second place in the league standings.**

The clubmen had to come from behind a two-goal deficit to be on even terms at the end of the first period, but they held a wide margin during the second when they ran in three, to take a 3-2 lead. Leafs, however, fought back, scoring twice in the final chapter and exhibiting their best hockey of the night in the closing minutes.

John Duffield collected three goals for the Leafs, Don DeFrance drawing assists on all three. Alan Shantz, Art Chalifoux, Norman Tymbush, Smith, Grise and Tony Knosack will make up the rest of the team.

Little is known about the Red Deer soldiers, but it is expected they will have a strong club used by Jack Forsey, with the Red Deer former Calgary Buffalo Coach of the club is Dunbar.

Moore weighed 172, a half-pound less than his foe. A crowd of 7,000 paid \$12.75 to see the pair in their first eastern appearance.

The west coast fighter, boasting a hefty edge in height and reach, was credited with nine rounds by each of the three officials. Two called the other round even, and one gave it to Golden. The Associated Press card gave all 10 to Moore.
